

Benefits and Drawbacks of Technology

In Richard Wagamese's story "The Country Between Us" he describes how all Canadians sometimes wish for a simpler time when it was easier to connect directly with nature. He also admits that technological advancement is inevitable. What are your thoughts?

Instructions: Write a well organized paragraph explaining why technology has a positive or negative impact on our world. You must include at least 4 reasons for your argument

Your paragraph should include:

1. An engaging introductory sentence
2. 4 strong reasons for your argument
3. Transition words that connect your ideas together
4. A concluding sentence that summarizes your main points and has an impact on your reader

Note: As discussed before we began, this paragraph should be written in third person. (Do not use "I" or "we" or "you")
